## **Paving to Begin on U.S. 30 in Plainfield**

**CHICAGO** – The Illinois Department of Transportation (IDOT) announced that paving work associated with the ongoing reconstruction and widening of U.S. 30 will take place between Renwick Road and Illinois 59, in Plainfield, beginning, weather permitting, Friday, Sept. 18.

In order to complete the work, as many as 20 trucks per hour will deliver concrete to the work zone, with construction starting as early as 6 a.m. on some days and possibly lasting until 6 p.m.

Traffic will be detoured, with flaggers present, to Renwick Road and Illinois 59. U.S. 30 will be open to local traffic to allow access to local businesses and residences.

This detoured portion of the project between Renwick Road and Illinois 59 will be completed by late November. The overall improvements to U.S. 30 are scheduled for completion in Summer 2017.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
